POP GOES THE WEASEL

3

A very popular but ancient English Country Dance lately revived

As in all Country dances there are two lines formed, the Gentlemen on one side, the Ladies on the other—

The top couple commence the figure by advancing within the lines, while the four first bars are played and return with the next four bars; Then pass outside the lines and back again during eight bars more.

Form a round of three with the next Gentleman, turning to the right for four bars, Then to the left for four more, he then passes under their arms to his place, all singing,

"Pop goes the Weasel," do the same with the Gentleman's partner. The dance is continued by repeating the same with the next couple. &c. &c. &c.

Piano.

Entered according to Act of Congress in the Year 1854 by H.M^c CAFFERY, in the Clerks Office of the Distret Court of Mary^d!
