REWARDS ARE REDUCED TO $35,000 FOR THE LOS ANGELES DYNAMITERS; EIGHT MEN ARE NOW BEING SOUGHT

PUSH THE SEARCH IN MINING CAMPS

Original Reward of $100,000 Considered a Handicap to the Officers.

Los Angeles, Cal., Oct. 6.—Rewards offered for the apprehension of the dynamiters who blew up the Times biulding last Saturday morning, were reduced today from an aggregate of more than $100,000 to $35,000, following mayor Alexander's statement that in his opinion the total had reached far too large a sum.

The Merchants and Manufacturers association, through secretary Zeehandelar, announced today that it had decided to cut its offer down to $15,000 and devote the balance of the $50,000 originally posted to other purposes.

Reward Still Large.

However, this still leaves the amount of rewards greater than any offered in recent criminal history. It was learned from the police today that at least eight men are believed to have been involved in the plot to destroy the Times plant and the Otis and Zeehandelaar residences.

Efforts to apprehend the dynamiters still center around San Francisco and the mining regions of the north whence the men who actually perpetrated the outrage are believed to have come.

Think Men Were Expert Miners.

It is believed here that the men who carried out the plot to wreck the Times building and attempted to destroy the homes of Gen. Harison Gray Otis and F. K. Zeehandlaar were expert quartz miners from the gold district of northern California. This theory is based on the fact that the men who purchased the dynamite from the Giant powder works used the names of J. L. Bryson, the Placer county miner, and that of his neighbor, Morris, and it is supposed that the detectives at work in the north are trying to trace them back to the mining districts.

Too Much Publicity.

Detective Wm. J. Burns now has full charge of the hunt for the conspirators. Upon his arrival here Burns declared that the publicity given to the movements of the men engaged in the man hunt was interfering with the work of the detectives.

"Whenever we accomplish anything up north," he said, "I always could read all about it next morning in the papers. This plot was concocted and carried out by clever men and they have been aided greatly by the newspapers and they have greatly hampered us in our work." Burns added that the giving out of information will be stopped at once.

Reward Too Big, Says Mayor.

The big aggregated reward of $100,000, mayor Alexander says, is too large. His comment was elicited by the suggestion that still greater rewards should be offered.

"I should like to see them reduced, he added.

City Again Calm.

The city has resumed its usual calm. The overwrought feeling evident directly after the disaster Saturday has subsided. But the precautionary measures taken have not been relaxed in the slightest degree. Instead the council, by means of an emergency ordinance passed Wednesday, added 85 policemen to the 51 authorized by resolution adopted Monday. Guard is still maintained about the homes of persons who have had part in recent labor disputes, and about buildings where strikes have been in progress.

Another Body Recovered.

Another body was recovered from the Times ruins yesterday. It was identified as that of Grant Moore, a linotype operator. The body was uncovered near one of the rear exits of the wrecked building. It was in a kneeling position and the flesh of the dead man had hardly been scorched. He had been suffocated.

The finding of Moore's body brings the total of bodies recovered to 16 and the known dead, including Churchill Harvey Elder, to 17. Coroner Hartwell said today he was certain there were seven more bodies in the ruins. These probably will be uncovered by the steam crane which is now at work on the ruins.

Those Identified.

Few of the bodies so far recovered have been even partially identified. Those whose identity has been tentatively established are: Chas. Haggerty, pressman; John Howard, printer; J. Wesley Reaves, stenographer; Eugene Caress, machinist; Harry L. Crane, associate telegraph editor; Grant L. More, linotyper; Howard Cordaway, printer.

BANQUET TO MARK CLOSE OF MEETING

Hansford County, Texas, Takes First Prizes at Spokane.

Spokane, Wash., Oct. 6.—The International Dry Farming congress closes an unusually successful meeting with a banquet tonight.

The contest for next year's congress is between Colorado Springs and Lethbridge, Alberta.

Texas County Wins Prizes.

Hansford county, Texas, won three first prizes in the International congress exposition here. It took first prize on kaffir corn, broom corn, and milo maize.

The principal display from the county comes from the Norweigian settlement of Oslo, in Hansford county, and was brought by Anders T. Mordt, executive committeeman from Oklahoma, in the dry farming congress.

QUITS ARMY AFTER VERY LONG SERVICE

Negro at Ft. Bliss Prepares for Retirement; Is Married Wednesday.

Satisfied that 21 years of service for Uncle Sam, in the United States army, is enough for one man, Lewis H. Holmes, a negro attendant at Fort Bliss, has decided to retire at the end of his present enlistment. He will go out on full pay for the balance of his life, as part of his enlistment period has counted double time.

In anticipation of taking up the duties of a civilian, Holmes was married Wednesday night to Hattie Scott, a negress, at her home, 117 Copia street, the ceremony being performed by justice McClintock. Holmes's enlistment will expire in a few weeks.

SILVER CITY MAN IS KILLED IN MINE

Fails to Make His Escape After Touching Off Fuse.

Santa Fe, N. M., Oct. 6.—J. H. Rector, of Silver City, was killed in the Cash Entry mine, 20 miles south of here, by an explosion. He failed to make his escape after the fuse had been touched. He is survived by his wife and one child.

COLQUITT OPENS FAIR.

Corsicana, Tex., Oct. 6.—Governor elect Colquitt arrived here this morning to speak at the opening of the Navarro county fair today. He made his address non political and urged greater agricultural development of the state. He was introduced by R. E. Prince.

ALTO MAN TRADES CATTLE AND MERCHANDISE FOR APPLES

Alto, N. M., Oct. 6.—James R. Reeder has traded his horses, cattle, and merchandise to Rev. S. M. Johnson, of Ruidoso, for his crop of apples, and has gone down with a force of men to pick the apples preparatory to shipping.

LEECH CASE TO BE RESUMED FRIDAY

Deputy Sheriffs Summon Veniremen for Trial from Lower County Towns.

Adjourned until Friday morning at 9 oclock to allow the deputy sheriffs to summon 100 talesmen to replace the exhausted special venire of 150, the 34th district court in which the Leech murder trial is being held, is deserted.

The special venire was exhausted Wednesday afternoon soon after J. W. Wilkey, the sixth juror, had been selected. A number of the veniremen who were absent Monday morning when the rollcall was held, were called after the last man on the list was excused. Judge J. E. Wharton, for the defense, objected to these veniremen being used and the adjournment was taken as soon as deputy sheriffs W. D. Greet and Ed Bryant had been sworn especially to get the 100 talesmen.

These are being obtained from the body of the county, a number of residents of the city being included, as well as those residing in the county. The deputies stated Thursday that they were having no difficulty in getting the required number of talesmen and would have the total number in court Friday morning at 9 oclock.

While the prospective jurors are being summoned for preliminary examination, Robert L. Obear, John A. Bradford, John E. Walker, R. S. P. Cass, John F. Kilburn and J. W. Wilkey, the six jurors who have been selected, are spending their time in the tower of the courthouse playing cards, swapping stories and snoozing to kill time until the court reopens Friday. They are in charge of deputies Franco and Newton, and are being made as comfortable as possible in their temporary residence in the tower, where they will make their home until the case is concluded.

Judge Busy.

Judge Clarke spent his time Thursday looking up the law and reading cases for points which may be brought up during the trial which will again start Friday. That the special judge likes his job is evident from his happy frame of mind and that the attorneys like him is also evident from their actions toward him and their deference for his wishes. It is expected that the jury will be drawn by Saturday afternoon and that the trial proper will start Monday morning.

Leech is Contented.

John Leech, the principal in the trial, spent his time Thursday in his cell in the new part of the county jail where he has been incarcerated since June 17th. He is more comfortable there than are the six jurors in the courthouse, for he has a clean, airy cell with plenty of sunlight and all of the toilet necessities he desires. He is supplied with newspapers and magazines by Mrs. Leech, who calls on him each day during the visiting hours at the county jail.

Deputy sheriffs Bryant, Greet and Watson have returned from Clint, Ysleta, and other valley settlements, where they summoned talesmen for the second venire. In the event it is impossible to secure the necessary six jurors to complete the panel from the second venire, the third venire will be summoned from Seirra Blanca, Van Horn and other towns in the east end of the county.

TWO HUNDRED MEN FACE DEATH IN MINE

Fire in Coal Mine Imperils Lives of Many Workers.

Danville, Ill., Oct. 6.—The lives of nearly 200 miners working in the Hartshorn coal mine near this city were in peril last night when the mine caught fire in the lower level. The men in the upper levels were soon brought to the surface. One hundred and fifty men in the lower levels had more difficulty, but were ultimately all brought to the surface in safety. The managers say the mine is fireproof and there is no danger.

EDITOR'S ILLNESS SERIOUS.

Sherman, Texas, Oct. 6.—E. A. Thompson, publisher of the Denison Herald, who is suffering from peritonitis at St. Vincent's hospital here, is today reported in a critical condition.

FIGHTING CONTINUES IN LISBON; DISCONTENT SPREADS IN SPAIN

Crowd Outside the Royal Palace.

FIRST NORTHER OF AUTUMN SWEEPS NORTH TEXAS

Temperature Drops Thirty Degrees at Many Points. High Winds.

Fort Worth, Texas, Oct. 6.—The first real norther of the fall swept down upon north Texas early this morning, dropping the temperature in many places 30 degrees over night. The mercury here stood at 54 this morning, a drop of 34 degrees.

The Panhandle and central Texas were also visited by a cold wave. A gale 60 miles an hour blew during the night.

Drops 35 Degrees.

Wichita Falls, Texas, Oct. 6.—The temperature dropped 35 degrees during the night and was down to 50 this morning. A stiff breeze is blowing from the northwest.

High Wind and Cold Wave.

Quanah Texas, Oct. 6.—The mercury dropped 30 degrees here during the last 12 hours. A terrific wind is blowing. No serious damage has been done.

Sixty-two at Waco.

Waco, Texas, Oct. 6.—The thermometer registered 62 here this morning, a drop of 30 degrees during the night.

From 92 to 55.

Denison, Texas, Oct. 6.—A drop of nearly 40 degrees in temperature was noted here this morning, the thermometer registering 92 last night and 53 at 7 o'clock this morning. Red river and lakes are covered with wild geese.

Big Drop at Dallas.

Dallas, Texas, Oct. 6.—A 30 degree fall in temperature has been recorded here since last night, the mercury showing 57 degrees this morning.

Cold at Childress.

Childress, Texas, Oct. 6.—Childress was struck by a cold wave this morning, the temperature being 50 early this morning, a fall of 30 degrees since yesterday.

Norther Hits St. Louis.

St. Louis, Mo., Oct. 6.—The cold wave which is sweeping the southwest struck St. Louis with intensified force this morning and there is a heavy rain and wind. The storm lasted 24 hours and nearly 40 persons were injured by flying debris.

Telephone and telegraph wires are down. Interior of Missouri is affected.

Judge Walter E. Grant, who was recently appointed chief counsel for the United States in the Chamizal arbitration court, left Thursday for Boston after spending a month in El Paso and Los Angeles. Judge Grant will have charge of the state department's case at the arbitration hearing, which will be held here next spring to settle the dispute over the international boundary.

BANKERS SAY THEY FORESTALLED THE EVILS

Could Not Defeat Postal Bank, So Fought the Worst Feature.

Los Angeles, Cal., Oct. 6.—Members of the American Bankers' association listened today to a report of the committee appointed at Chicago last year to encompass the defeat of the postal savings bank legislation.

Chairman Teter admitted that their efforts were not entirely successful, but the committee "had a great deal to do with bringing about the favorable conditions in the existing laws."

"Some of the evils of the postal savings bank system have been forestalled," the committee said.

The savings bank and clearing house sections of the American Bankers' association took up the program today. Several addresses of considerable importance being scheduled.

INTERNATIONAL INTEREST IN AN ARIZONA ARREST.

Alleged That Mexican Officers by a Ruse Obtained Possession of American Citizen.

Bisbee, Ariz., Oct. 6.—Late information on the case of the American citizen arrested by Mexican officers in Naco, Ariz., states that the man is N. D. Navarete, a Sahuaripa indian, originally of Mexico, who became an American citizen through naturalization.

Reports as to the arrest vary, but they agree on one point, that Navarete was kidnaped by the Mexican officers. Unconfirmed rumors are to the effect that an American assisted the Mexican officers in making the arrest through a ruse. Navarete has been transferred from the Cananea jail to Nogales, Son., under a strong guard.

American authorities meanwhile are busy in making investigations and official notification of the fact has been sent by United States attorney Morrison to secretary Knox at Washington. The case has created much comment here and new developments by the intervention of the United States government are watched for with great interest.

CONFLICTING REPORTS ARE RECEIVED IN PARIS.

Paris, France, Oct. 6.—The Portuguese legation here is under the impression the loyal troops from the fortress at Elvas, near the boundary east of Lisbon, and those garrisoned at Oporto are marching on Lisbon to engage the revolutionists. The point of concentration would be San Larem on the Tagus river, where the revolutionists have cut the railroad line.

On the other hand, Sebastiano Lima, one of the chiefs of the Portugues republican party, who is here today received a dispatch from Lisbon signed by Senor Costa, as minister of justice, assuring him the republicans had won a complete victory and gained the support of the entire country.

CALVARY BAPTISTS TO BUILD NEW EDIFICE

Montana Street Structure to Cost $75,000 When Completely Furnished.

Calvary Baptist church will add another splendid $75,000 church to the large group of temples in this, the city of beautiful churches.

Finding its temporary structure, which occupies a portion of the church property on the corner of Montana and Virginia streets, is inadequate, although it has been built but two years, the congregation of the Calvary Baptist church has decided to build an imposing structure on this site. A meeting of the building committee was held Wednesday evening after it had been unanimously decided by a rising vote of the members that the church building should be erected as soon as the arrangements and plans could be made.

The committee, composed of C. M. Newman, T. M. Jones, A. S. Howard, C. V. Nafe and Dr. R. T. Hanks, held its first meeting Wednesday evening to make the necessary preliminary arrangements for the construction of the new building. It is expected to have the church ready for occupancy by spring. It will be of formal design with a classic tower and a large auditorium. The building will front on Montana street, with an auxiliary entrance on Virginia. It will cost $75,000 when completed and furnished, and the funds are to be raised by the general committee with the assistance of the church organizations and members.

RENO DIVORCE MILL GIVEN A HARD JOLT

New York Supreme Court Holds Reno Divorces Are No Good.

New York, N. Y., Oct. 6.—"Prospective widows' colony" at Reno, has sufferred a hard blow in a decision by the New York state supreme court, just announced. The decision, it is rumored, holds that the woman who goes to Nevada for the purpose of obtaining a divorce, and then returns to New York state is still the wife of that husband.

It is declared that the New York courts may arrive at this conclusion, from any evidence which shows that divorce proceedings were instituted as soon as she had remained in Nevada long enough to satisfy all authorities there that she had obtained a residence.

The Reno divorce court, it is ruled, is void for want of jurisdiction.

LOCKOUT DECLARED OFF MILLS TO RESUME.

Manchester, England, Oct. 6.—The trouble between the federation of master and common spinners and their employes, which resulted in the lockout of 130,000 operatives, was settled today, and the mills will be reopened Monday.

J. C. Ross has returned from a vacation trip to Niagara Falls and New York.

TWO HUNDRED KILLED IN CLASHES

Valencia, Spain, Is in the Throes of an Incipient Revolution.

PRESIDENT BRAGA NOTIFIES POWERS

Head of Provisional Government Assures Safety to all Foreigners.

Madrid, Spain, Oct. 6.—Official advices received this afternoon say the republic has been proclaimed at Selva, Braga and Coimbra, Portugal, and the indications are that the struggle is reaching an end. The revolutionists have triumphed and the republican government is reestablishing order.

Madrid, Spain, Oct. 6.—The struggle between revolutionists and loyalists at Lisbon continues today. The report of continued fighting is from a news agency source, and probably escaped the censor.

Nearly all dispatches from the Portuguese capital last night conveyed the impression that the revolutionists were in complete control, and that the populace had accepted the republic as an accomplished fact, therefore further advices that may reach the frontier by post or messenger are awaited with interest.

Loyal Troops Keep up Fight.

One dispatch, which came today by way of Vigo, declared that the troops faithful to the king still held important points last evening and continued the fighting during the night. It was admitted, however, that the republicans had the upper hand after 30 hours fighting.

Two Hundred Killed.

This dispatch said a moderate estimate of the losses on both sides was 200 dead and 450 wounded. The city is only slightly damaged by the bombardment. The republic was proclaimed amid frantic enthusiasm. Bands paraded the streets, followed by columns of armed persons who sang songs of liberty.

The discipline of the revolutionists was excellent.

Royal Family Safe.

Official advices at noon say queen mother Amelia and king's uncle, Prince Alfonso, duke of Oporto, are still aboard the yacht "Queen Amelia," and it is supposed the king is with them.

Starting of the Revolt.

Portuguese newspapers say the initiative of the revolutionary movement in Lisbon was taken by the 16th regiment of infantry, aided by a regiment of artillery, blue jackets and 5000 armed civilians. The police were overcome without difficulty.

More than 50 persons were killed during the fighting, while hundreds were wounded. Twenty people were wounded in the clash at Oporto.

TROUBLE BREWS IN SPAIN AND REVOLT THREATENED.

Valencia, Spain, Oct. 6.—There is much uneasiness here following the proclamation of a republic in Portugal. Today civil guards patroled the streets and a strong contingent was held in front of the headquarters of the Republican club.

The governor of Valencia has ordered the removal of Republican flags suspended from windows of many republican clubs and similar organizations.

Troops are held in readiness for any emergency.

At Barcelona numerous bands of Spanish radicals participated in a street parade until dispersed by the police.

PRESIDENT BRAGA SENDS NOTES TO FOREIGN POWERS.

Berlin, Germany, Oct. 6.—The foreign office today received a telegram signed "Tzopile Braga, Provisional President of Portugal," announcing the formation of a provisional government, the proclamation of a republic and guaranteeing public security.

Identical notes were sent by Braga to all the powers.

PROMINENT EDITOR IS REPORTED AMONG DEAD.

Paris, France, Oct. 6.—Among those reported killed during the fighting in Lisbon is Franca Borges, editor of the newspaper Mundo, a notable republican journalist. He is said to have

King Manuel Whose Kingdom Has Fallen

MANUEL, II. KING OF PORTUGAL.

The Hobble, and Double English

The Newest Dances Of the Season

By N. M. Walker

It never rains but it pours. Just now the style weather bureau is deluging this section of the known world with things hobble.

First it was the hobble skirt which entered with much lamb bucking and short loping. Next the hoble hats appeared down stage right, looking like an old fashioned fruit basket with a band of tarleton around its diaphragm. Hobbled hair was the next thing in the style impediment. The coiffure is done high, sou'tosou'west, at an angle of 45 degrees on the compass with a halyard of velvet a trifle aloft of midships.

The question of hobble, hobble, who's got the latest hobble? has been answered. It is the professor of the gentle art of terpsichore who has the final analysis of the hobble hobby. It's called the Boston waltz and has been adopted as a solution of the complex problem of locomotion within the restricted area of the scant skirt. The Boston waltz is a revival of the old "Boston" which was to the belles and beaux of old what the barn dance has been to these same irresponsibles of recent times.

Hard on the Floors.

No longer will the young folks romp around the ballroom of this broad land like so many dappled brewery horses performing antics in a circus ring. The hobbled gown prevents. Neither will it be possible for some over enthusiastic young swain to gallop up the rear of a $97 party gown like a window washer mounting a step ladder.

It will not be necessary to put reinforcing under a house when a dancing party is to be held, to prevent any fatalities or broken limbs. The dance that originated with the "gol-darners" of the pumpkin belt has been replaced by the soft glide of the Boston waltz.

The new waltz has been quite the thing at the beach resorts during the summer and promises to be even more popular in the ballrooms during the winter. Its perfection is the ease with which it is performed. The music is slow and dreamy like that the theater orchestra plays under the stage for the ballroom scene of "Checkers." Grace has replaced agility and it is no longer necessary to join a circus as an acrobat to be able to get away with the dancing honors.

How to Dance It.

Minus charts, diagrams and deep sea soundings the Boston waltz listens something to this effect: On the first

(Continued on last page)

FIRES DESTROY THREE NORTH-WESTERN TOWNS

St. Paul, Minn., Oct. 6.—According to advices received here the towns of Graceton, Williams, Swift and Roosevelt, Minn., on the Canadian Northern railroad near the international boundary line, were destroyed by forest fires yesterday. All are small towns and so far no loss of life has been reported, but many are reported homeless.

COUNCIL APPROVES GARBAGE PLANT CONTRACT

City in Control of Water Plant; Another Mundy Map Presented.

With no mention of the water problem, and with the exception of the approval of the contract with the Public Works Engineering company for the sewage and garbage disposal plant, the city council met Thursday morning and transacted routine business only.

Following the meeting, it was stated that the approval of the abstract to the properties of the water company by city attorney W. M. Coldwell and the completion of a few minor details, is all that is necessary for the actual transfer. The city, however, has been practically in control of the plant since October 1, as it is stated all the receipts of the company since that date, and any expenditures incurred have been under the direction of the city.

The contract and bond of the Public Works Engineering company for the plans and specifications for the sewage and garbage disposal plant were approved, and it is probable that the contracts with Sorenson & Morgan for the construction of sections 1 and 3 of the allied plants and W. E. Anderson for the construction of section 2 will be closed within a few days.

Considerable time was taken previous to the meeting of the councilmanic body for a discussion as to the acceptance of a revised map of the Mundy addition. The first map of the plat was accepted by the council in 1885 and the second in 1901. Revised maps of the date of 1905 and 1906 were rejected but a few revisions on the last map, it is said, will place it in proper form. The changes are necessary to hold the city blameless and protect the present property owners.

Complains of Poultry District.

J. S. Thompson, representing the Swift Packing company, appeared at the meeting and complained of the ordinance relative to the establishment of the wholesale poultry district, stating there are no available houses for rent in the district, which is between the alleys on either side of Santa Fe street, and south of Second street. Mr. Thompson stated that a location on South El Paso street would be preferable. Alderman McGhee spoke in favor of the ordinance as it now stands and it was decided not to change it.

Arc Lights Ordered.

A request for a street light at Arizona and Oregon streets was denied upon recommendation of alderman Hewitt. Recommendations were made, however, for lights at the intersection of Magoffin and Dallas, and Magoffin and Octavia streets. The motion carried.

A petition by the West Texas Fuel company to close an alley in the triangle block bounded by Dorchester street, Magoffin avenue and the T. & P. railway right of way was denied.

A petition by Cotton avenue residents asking that the street be improved was filed.

Foundry Dispute Settled.

It was also reported that the dispute between the El Paso Foundry and Machine company and the Texas Oil company had been settled.

The usual weekly bills and payrolls were allowed and ordered paid.

The request of the Bloch Millinery company to erect an electric sign was granted.

The City's Health.

The report of Dr. W. H. Anderson, city health officer, for the health department the past week, records 23 births and 17 deaths. The remaining cases of typhoid fever number nine and one new case of tuberculosis was reported. Inspections of meat markets totaled 237; meat condemned, 291 pounds; dairy inspections, 95; slaughter houses, 27; milk wagons, 30; meat wagons, 10; cattle, 186; hogs, 30; sheep, 56; calves, 78; condemned, one hog; fruit and vegetable wagons, 1072; condemned, 225 pounds; premises inspected, 65; complaints, 66.

Destroying Houses.

Dr. Anderson also reported that the destruction of the unsanitary houses in the south part of the city was progressing, half of the 30 houses being torn down. He also stated that the furtherance of the work was planned.

Collections Reported.

The report of sewer commissioner Hadlock stated that 400 feet 10 and 12 inch sewer pipe was laid in East El Paso the past week; eight plugged sewers were cleaned and the T. & P. station was pumped 24 hours each day. Collections of $90 was reported.

The report of building inspector Haggart stated fees amounting to $136 were collected during September.

The report of city sanitary officer Frank Alderete announced collections of $1031.15 the past month.

The first reading of an amendment to the plumbing ordinance was heard.

The petition of R. F. Mitchell, asking $118 payment for cement work at the corner of Stanton and Texas streets, for the benefit of the property to be covered by the new Calisher store, was referred to city attorney Coldwell. The work was ordered by the late mayor Robinson.

THE HOBBLE AND DOUBLE ENGLISH

(Continued From Page One.)

count of the music the girl begins with the right foot flat forward and makes the half turn on the ball of the foot. The turn is finished on the heel of the left foot at the third count. At every second count one foot is in the air, it coming up as the turn is made first on the ball of one foot and then on the heel of the other, the three counts of the measure finishing the turn. The partner, of course, makes the same sort of turns on the first and third counts, but opposite the same steps taken by the girl. The reverse movement follows as in the regular waltz. It is a little tricky, but persons that know how to dance catch it very quickly and are fascinated with it.

The Double English.

But the Boston waltz is not to be entirely the "T. R." of the dancing season. Its foreign friend, the double English, which originated either among the English or at English, Indiana, is also to be danced much this season. It is a first cousin of the two-step, and the way to learn it is to walk. To prevent any train derailments, and for the sake of etiquet, the girl walks forward while her partner beats it backward, guide right. Here is the scenario: Take four steps to the four counts of the music and for another four counts take eight steps—two short steps at each count. Then when the two step is danced the first four movements are the regular twostep, and the finish is the second part of the walking movement two steps at each count or what in marching parlance is double quick. The double English ought to be danced in perfect time and it can be, the one, two, three, four counts being the twostep and the five, six, seven, eight counts being the double quick walk, one partner going forward and the other backward, not side by side as in a simple walk.

To Be Seen at Toltec.

Out of deference to the season of things hobbled, these two new dances have been heralded as the thing proper this season. Many El Pasoans who have been away during the summer have caught onto the new dances. One young married couple who were spending their first summer in California, were staying at a beach hotel where the new dances were in vogue. Their apartments were directly over the ballroom and they practiced the dances until they were proficient in the movements of the Boston waltz and the double English.

At the Toltec club housewarming next Friday evening the new Boston and English may be seen in all their grace of gliding motion and tripping twostep.

These are to be "the" dances this winter, so get busy, pile the rugs off the parlor floor and practice their meanderings to the measures of the loving Mendelssohn tune.

SOLDIERS DON WINTER UNIFORMS

Soldier boys of the 23rd, stationed at Fort Bliss, appear this week in their winter uniforms. The bright blue offers a welcome contrast to the somber khaki brown of the summer outfit.

Hixson Co., now in Roberts-Banner Bldg. Mesa & Mills (St. Louis)..

C. A. Marshall, representing a Minneapolis construction company which has been building the mammoth concentrator at Miami, was in El Paso Wednesday on his way north.

J. H. Brigham, J. H. Beavin and A. C. Atkinson will form a party of big game hunters who leave tonight for three weeks in the Siera Madres of Chihuahua.

Peach ice cream delivered after supper. Phone the Elite.

Calisher's

J. Calisher Dry Goods Co. (Incorporated)

What to Wear What to Pay

OUR Ready-to-Wear Section, on the 2nd Floor, is the easy solution to the question of fall wearing apparel. Our assortment, while not yet complete, shows a wide variety of materials and models, suitable both for general wear and the more exacting demands of dress occasions. The easiest way to settle the question "what to wear" is to visit the Calisher Ready-to-Wear Section.

We announced at the opening of our temporary store that price concessions would be unusually liberal. This is proving the case, especially in ready-to-wear. "What to pay" will be solved by coming here.

BAPTIST MINISTER MAY LEAVE EL PASO

Rev. R. B. Smith Receives a Call to Old Church at Parkersburg, W. Va.

After nine years' pastorate in this city, Rev. Robert Bruce Smith Wednesday night presented his resignation to the congregation of the First Baptist church. Mr. Smith desires to accept a call tendered by the Parkersburg (W. Va.) Baptist church, where he served as pastor for seven years before coming to El Paso.

However, the resignation, to take effect at the end of this month, was not accepted by the congregation, which met at the midweek prayer meeting. It was laid aside for further consideration. Parkersburg is the Baptist headquarters for the southeastern states.

Mr. Smith recently received a call ot Roswell, N. M., but after meeting with his congregation here decided to decline it, and at that time announced his intention to remain in El Paso, so his present decision to return to his old pastorate comes as a surprise.

CONSTITUTIONAL DELEGATE'S MOTHER DIES AT SANTA FE

Constitution Framers Adjourn Out of Respect; Presbyterians Unveil tablet; Piano Man Sentenced.

Santa Fe, N. M., Oct. 6.—Mrs. Margaret Sargent of El Rito, Rio Arriba county, mother of territorial auditor W. G. Sargent, and sister of Thomas D. Burns, a member of the constitutional convention, died at St. Vincent's sanatorium in her 64th year. The constitutional convention adjourned out of respect to her memory. She was a native of Ireland and as a little girl came to Wisconsin. Three sons, one daughter and two brothers survive her. She was a devout Roman Catholic.

A tablet to Mrs. Mary E. James, founder of the Mary E. James mission school for boys in this city, and president of the Women's Mission board of the Presbyterian church in the United States, was unveiled at the school in the presence of a large audience. Rev. I. E. Tyler, superintendent of the school, was in charge of the exercises, at which addresses were made by judge John R. McFie of the New Mexico supreme court; Dr. John R. Gass, president of the new Presbyterian college at Las Vegas Hot Springs, and Miss Antoinette Brengle, superintendent of the Mary Allison mission school for girls.

Otto J. Eyles, a piano dealer, has been sentenced to one year and not more than 15 months in the penitentiary by judge John R. McFie on a charge of embezzlement. An appeal was taken to the supreme court.

Director Edgar L. Hewett of the School of American Archaeology in this city, Jesse L. Nusbaum, P. J. Adams and Dr. Lewis B. Paton have left for the Mesa Verde Park, Colo., to complete the excavation of the Balcony House and to restore it, having been commissioned by the Colorado Cliff Dwellings association. Dr. Hewett has announced a gift of $7500 to the school to be used for continuing the excavations in Guatemala this winter, begun last year.

IMPERIAL REMEDY CURES ECZEMA

Who is there that has ever had this terrible disease that would not give anything they possessed to be cured? It matters not how long you have suffered, what you have tried, or if every part of your body is an itching, burning sore, a permanent cure awaits you. Thousands have been cured by the use of "Imperial Remedy." Among them are people from every town and village in the South.

The instant "Imperial Remedy" is applied you feel relieved. This preparation has a pleasant odor, contains no grease or salve and requires no bandages. It is a clean liquid which penetrates the pores, loosens the fibrous tissues and purifies the diseased parts. After the disease has all been driven out the skin is left pure, clear, soft and white, and the trouble will never return again. The price of "Imperial Remedy" is $1 per bottle. Your local druggist can get it for you. If he will not, mail us $1 and we will send you a bottle by express, charges prepaid. Imperial Medicine Co., Houston, Texas.

DEL RIO FARMERS FORM A COOPERATIVE ASSOCIATION

Del Rio, Tex., Oct. 6.—At a representative meeting of the local farmers' institute plans were made, that, if carried to maturity, will mean a revolution in the methods of purchasing supplies, etc., by the farmers and gardeners of this district.

The sale of farm and garden products has never been on a sound economic basis in the Del Rio country. The farmers and the local merchants have never acted in harmony and it appears that dissatisfaction has been voiced on both sides.

A cooperative warehouse plan has been advanced by the gardeners and steps have already been taken to get the matter in shape to put the plan on a working basis. The first and preliminary plans call for a special meeting of the farmers on Oct. 15, when orders will be given secretary A. S. Smith, for seed corn and oats, in sufficient quantities to permit of ordering in carload lots. The expense is to be prorated among those ordering, and if this preliminary effort to save money succeeds, the plan will be carried further to include feed stuffs, household supplies, groceries, etc., and an effort will be made to erect a cooperative warehouse to store goods purchased and to care for products produced by the farmers for shipment to other markets.

SETTLE RECEIVERSHIP SUIT AND NAME PRESIDENT

San Antonio, Texas, Oct. 6.—The suit for a receiver for the Texas Southern railroad has been settled by agreement at a meeting of the board of directors, and J. E. Parke of San Antonio elected president.

NEVER ANY INDIGESTION, DYSPEPSIA OR SICK, GASSY, UPSET STOMACH.

A little Diapepsin will make you feel fine in five minutes.

Take your sour, out-of-order stomach—or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, billiousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want withiut fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

YOUR PORCH FLOOR

Needs a coat of paint. First touch up the worn places then give a coat all over. It will preserve it as well as add to its appearence.

Tuttle Paint & Glass Co.

Carload Ammunition

Full Stock Winchester, Remington, Savage, Marlin and Stevens Rifles and Shot Guns, Febiger 22 Automatic Rifle, Fox Shot Guns.
